**MISSION**

Providing medical-forensic examinations and crisis intervention / advocacy to victims of sexual assault in a timely manner, with referrals for follow-up care and counseling. Services are provided 24/7 and at no cost to the victim.

**OUR WORK**

We pride ourselves on providing immediate, comprehensive and compassionate care within the first 96 hours following a sexual assault. We have highly trained staff specializing in forensic nursing and we use state of the art equipment for evidence collection and injury documentation. Our services are comprehensive and we would be happy to share more about your work if that will influence your decision to seek inclusion on our board or one of our board committees.

**Board Members Needed**

Wayne County SAFE encourages interest in serving on the board of directors or on a board committee. We are a young nonprofit but professional in our approach to governance and board leadership. We are currently building a board of individuals that have passion for our mission and are willing to devote approximately 4-8 hours a month of time via board meetings, committee meetings, emails and other activities, to help us establish and grow the organization. Board membership is a volunteer duty. We do ask every board member to make an annual personal donation to our general fund at a level they are comfortable with. We take engagement seriously and request our board members to agree to attend 75% of our board meetings, committee meetings and events each fiscal year. We need and appreciate many skill sets, but will give preference to individuals that will participate in fundraising and ambassadorship of the mission. Thank for your interest in Wayne County SAFE.
